Subject: Microsoft Settlement

Dear sirs:

I wish to take this opportunity to comment on the proposed settlement between the DOJ and Microsoft corporation. I have reviewed the documents available via the web. While I am not a lawyer I must comment on the how stricking the proposed remedies are in their absence of addressing the core issues of the findings of fact. I can see no effective remedy to the misuse of monopoly power that was defined in the findings and that has come to catagorize Microsoft.

I strongly urge the court to deny approval of the remedies as presently formulated and require the parties to renegotiate an agreement that will address these issues.

Sincerely,

Roy Cromartie
